**Participants:** Faculties-30, Students-106

**Speaker:** Mr. S.S. Singh

**Venue-** Africure Pharmacuetical, Palghar

**Description:**

Ideal institute of Pharmacy College wada industrial visit was taken to Africure pharmaceutical company on 16/4/2023. The first Student to go to that place were invited to the college. Attendance of the Student was taken. Some information was given to the Student. After that the Student were taken to Palghar, Africure Pharmaceutical Company by college bus. After departure, separate groups of new and young Student were made. According to the group, the expert from the pharmaceutical company Mr. S.S. Singh took the Student inside the company for a company visit and told them how tablets are made in the company. How the growth of the tablet takes place, how the verification of the tablet is done. Singh explained to the Student how the tablet expires, what the tablet products are like. Also, Student asked him some doubtful changes. After that, the Student were given breakfast, the Student took photos and were taken back to the college, attendance was taken and the Student were given leave...In the visit, faculty Miss Vinita Yadav and Mr. Amar Wankar from Pharmacy College were present along with Student.

**Key Outcomes:** Student learn by live visit in pharma industry. They learn about the standard operating procedure (SOP) to work in the industry. They got knowledge about the working culture in the pharmaceutical industries. All student grasp the learning of the visit and will be helpful in the upcoming interview cracking in final year due to the practical exposure in industry.
